

Jade Daniels Bio
Candidate for Vice President of the Student Bar Association

I am a transplant from New York and a current MSLAW 2L full-time day student. I received my B.A. from Rutgers University and psychology doctorate from Long Island University, Brookville, NY. I am interested in Public Interest law and hope to integrate psychology and the law as a practicing attorney. I believe that organizations like the SBA are an integral part of the student experience and look forward to utilizing my professional leadership skills and law student experience to help SBA fulfill its objectives and goals.
