

AILALink Academic Adoption Information

For law professors, assigning AILALink as required or recommended course material is an affordable way to make multiple AILA publications accessible to your students in one convenient place. You can learn more about AILALink and view a list of the publications available by visiting www.aila.org/publications/ailalink.

If you are a professor and choose to assign AILALink as required or recommended course material, the students in your course will have two options for how they can gain access to AILALink.

- 1) The student can join AILA as a law student member. **This is the most cost-effective option for most law students** and allows them to access other AILA law student member benefits in addition to AILALink.

Law student membership is **free** for eligible law students. Information on the eligibility requirements for law student membership can be found at <https://www.aila.org/membership/join/eligibility>.

- 2) There may be students in your course who do not wish to join AILA as law student members, or, in rare instances, who may be ineligible to join AILA as law student members. These students can purchase AILALink at the academic adoption rate of **\$75 for the duration of the course**.

If you wish to assign AILALink as required or recommended course material, please take the following steps:

- 1) Fill out the form found on the following page of this document.
- 2) Return the form to ailalink@aila.org or by fax to (202)783-7853.
- 3) Direct your students to obtain AILALink by either:
 - a) Applying for AILA law student membership at <https://agora.aila.org/Product/Membership/Membership-Apply>.

Students applying for AILA law student membership will need to upload a copy of their current official transcript. The AILALink subscription will begin immediately after the online application is submitted.

or

- b) Emailing ailalink@aila.org to purchase AILALink at the academic adoption rate of \$75 rather than joining AILA as a law student member.

As a professor assigning AILALink as required or recommended course material, you are able to obtain a complimentary professor's subscription to AILALink for the duration of the course. Please check the box on the form found on the next page of this document if you would like a complimentary professor's subscription.
