Course Requirements & Class Participation

Class Attendance:

Students must be prepared for every class to be called on to brief cases or for discussion of questions. You are, therefore, expected to be in class and to participate. Students who have more than **three** unexcused absences during the semester may have their semester grade lowered by as much as one-third of a grade. **If you cannot make it to class on time do not sign up for the class. Being tardy multiple times will have a negative impact on your grade.**

Attendance is taken at the beginning of class.

You will be marked absent if you are not present when attendance is taken.

Quizzes

I will not permit any make-ups for missed weekly in-class and/or on-line TWEN/SOCRATIVE quizzes.

You must check TWEN and SOCRATIVE every weekend for posted quizzes.

TWEN quizzes will be under assignments/quizzes and

SOCRATIVE YOU MUST LOG ONTO SOCRATIVE THEN CLICK ON STUDENT.

YOU WILL BE PROMPTED TO ENTER AN ID.

MY ID IS: HETU6452.

TWEN (The West Education Network) is part of **Westlaw**, the legal field's most powerful search engine and research platform. Every MSL student is assigned an account in their first year, and each of your 1L courses will have a digital presence on **TWEN** where you will be able to access course materials, assignments, and other resources for each course. You may also easily contact your professors through **TWEN's** mail option.

Socrative is a web-based quizzing tool used by both Dean Coyne and Professor Devlin in your substantive 1L courses. You do not have to register an account to participate in weekly quizzes, just enter your name/student ID, depending on which the professor requests on your quizzes.

Notes And Tape Recorders In Class

I test what I teach, and I follow the syllabus. If you do all assigned readings and attend class, you will be prepared for the exams. It is necessary that each of you develop an effective method of recording and retaining the materials as it is taught and discussed. Classes are interactive, and it is not always advisable to take copious notes. Research strongly indicates that students who attempt to use word processors to "transcribe" class discussions perform less well on exams than do those students who actively participate in those discussions. Use of tape/digital recorders are allowed in this class and may be preferable for you.

The purpose of class is to learn the law through discussion and participation to develop analytical skills. This cannot be achieved if you are intent on being a scribe.

All students will observe the following classroom decorum

Arrive on time.
Late arrivals are disruptive.
If late arrivals become too
frequent those arriving late will
not be allowed into the
classroom.

With the exception
of extraordinary
circumstances
there will be *no*
cell phone use in

class. Turn off all cell phones before the class begins. If there is a family emergency requiring you to be reachable you must approach me before class and inform me of the situation. In such an event you may keep your cell phone on if it has a “vibrate” only option. In the event that your cell phone or other device disturbs the class you will be told to leave the classroom immediately and will be marked as absent for the class.

Eating in class is strongly disfavored. I do understand that stressed-for-time students, especially evening students, are often unable to take meals at normal hours, and therefore snacks and drinks will be tolerated as long as they are not disruptive. I will not tolerate full meals, full “submarine” sandwiches, or anything of the like. I also will not tolerate undue noise such as stubborn plastic wrappers. I will ban all foods and drinks in class if I think they are becoming a distraction.

Each of you will be treated at all times with courtesy and respect, and you will treat each other with a high degree of civility at all times.

At all times we will argue issues and never personalities.

This is an interactive class, and it is normal for there to be a bit of a “**buzz**” while we are discussing a case, a principle or a hypothetical. You are expected to listen while others are talking and to respond if called upon. Civility is expected at all times by all students. Do not “**blurt**” out answers wait to be called on especially if in the zoom class, it can become very distracting.
